

# RISHAV KUMAR MISHRA

Date of Birth: September 07, 1998

Email [id:mishrarishav361@gmail.com](mailto:id:mishrarishav361@gmail.com)

Mobile No.: +918839984719

Present Address: 610 krishna market , sarswati vihar gurugram sector 28 , haryana 122001

**Bachelor of Engineering**

**Specialization:Computer Science**

## Academic Projects:

- **Personal portfolio website using HTML CSS JavaScript**

A responsive website using Document object model and browser object model along with google sheet for contact.

in that portfolio i described my own implementation of javascript by creating couple of web games ,Tools and website (using NODE.js for back end support) deployed on GitHub.

- **Client Server Management**

**Worked on Windows 2016 Server Operating System:-**

Microsoft's newest server operating system, has the potential to be a big hit with businesses, IT professionals, and users. Developed alongside Windows 10, the Windows Server team worked closely with the System Center and Azure teams to establish a tightly-knit ecosystem. The end result delivers a seamless Microsoft experience from beginning to end; it bridges familiar technologies such as Active Directory and virtualization with modern infrastructure concepts, like containerization, federated services, and cloud-based services.

- **Quantum Computing**

**Worked with Jupyter Notebook python:-**

Working with quantum computers at the level of circuits, pulses, and algorithms.  
using QISKIT(an IBM simulator software which gives direct access to the QUBITS)

- **Internet Information Services**

### Hosting Website on a server-:

Responsible for installation, upgrade administration of **Windows 2008/2012** servers in a highly demanding production environment. Areas of focus research, clinical development and manufacturing.

Active Directory Infrastructure Administration, Application/system support in a **.NET environment**

**Build VM environment** for migration project.
